

## Honour Board Policy

Policy number	P013	Version	1.0
Drafted by	Secretary	Approved on	21 February 2023
Responsible person	Secretary	Scheduled review date	February 2024

### OUTLINE

Radio East Gippsland's Constitution does not contain a provision for Honorary Life Membership, nor does the Board believe it appropriate. However, the Board has resolved that those who provide outstanding service to the association over a period of years should be recognised by including their names on a Honour Board to be displayed in the association's headquarters.

### POLICY

Members who have provided outstanding service over an extended period of not less than ten (10) years may be nominated for inclusion in the Honour Board. Any member may nominate any current or past member for inclusion, providing a detailed history of the nominee's service and contributions to the association. There is no set format for nominations.

The Board will consider nominations at its next meeting, communicating, as and if necessary, with the nominator.

If the Board agrees, the nomination will be put to the members at the next General Meeting, requiring a simple majority to be passed.
